Call for Papers, 1996 Convention

The Program Committee invites proposals for the 28th National Convention of the AAASS, hosted by the New England Slavic Association, to be held in Boston, Massachusetts November 13–17, 1996.

The meeting will mark almost precisely the fifth anniversary of the breakup of the Soviet Union and the collapse of the structures of the Soviet Bloc. Thus, we hope to make the lessons of the last five years a central theme of the 1996 meeting, not only in the sense of the changes that have taken place in all areas of political, socioeconomic and cultural life, but also what we have learned about the past from the newly available archives and other source materials. Special consideration will be given to panels that will report on recent field or archival research, and those that include presentations by advanced graduate students and/or junior faculty. The Program Committee also encourages the submission of panel proposals that include both women and men.

Proposals must be for complete panels (individual paper proposals cannot be considered) and should normally involve the presentation of prepared papers. Proposals for roundtables should be submitted only when the topic clearly justifies this format. Proposals should be sent to the appropriate Program Committee member, with a copy to the AAASS National Office. Those not falling within any of the fields assigned to committee members should be directed to the Program Committee Chair, Sarah Meiklejohn Terry. (Please note: Proposals can be accepted only from AAASS members or from foreign non-members.)

In recent years, the AAASS has experienced a welcome increase in attendance at the National Convention, and we are grateful to all of our members who seek to participate. Unfortunately, due to the limited affordable convention space, this increase in convention attendance cannot be matched by an increase in the number of panels given. Therefore, we ask your cooperation in observing the following restrictions on panel participation. No participant may be listed more than once on a given panel or roundtable, present more than one paper, or appear more than twice in the convention program. (The restriction on convention program listings includes unscreened panels submitted by affiliated organizations.) Where a participant is proposed for more than one paper or more than two panels, all proposals listing that person will be returned to panel organizers for clarification of the conflicts; this may delay consideration of the panels involved. Finally, panel organizers should make clear to participants, especially foreign scholars, that the AAASS cannot provide financial support for travel or hotel expenses.

All proposals must provide complete information including the name, affiliation, full address, and phone numbers of all participants (including chair, discussants, etc.), and a statement from the panel organizer certifying that all individuals have agreed to participate on the panel. IMPORTANT: ALL panelists, without exception, are required to PRE-REGISTER for the convention. Organizers should communicate these points to potential participants prior to submission of proposals.

Deadline for receipt of all proposals: January 1, 1996
