A HISTORY OF RUSSIA
Sixth Edition
Nicholas V. Riasanovsky

“The value of this text lies not only in its unerring accuracy and wide scope, but also its remarkable flexibility. Its judicious and economical approach to a wide variety of themes in Russian history make it suitable for adoption for any number of courses on the subject.”
—W. Arthur McKee, American University

Drawing on both primary sources and major interpretive works, this sixth edition provides updated coverage of the social, economic, cultural, political, and military events of Russia’s past. It includes a new chapter on the post-Gorbachev era as well as revised bibliographies and reading source lists. Examining contemporary issues such as the rise of Yeltsin, the nationalities question, and Russia’s attempts to market capitalism, this edition takes the study of Russia straight into the new millennium.

1999 776 pp.; 72 illus., 31 maps cloth $55.00

RETURN TO DIVERSITY
A Political History of East Central Europe Since World War II
Third Edition
Joseph Rothschild and Nancy M. Wingfield

“Updated edition makes this an authoritative synopsis of post-1945 East Central Europe, giving more perspective on changes and challenges of the present. Additions to the bibliography keep up with progress in scholarship, adding to the book’s value as reference and source.”
—Richard F. Crane, University of Connecticut (on the previous edition)

This third edition introduces a new co-author, Nancy M. Wingfield, and has been fully updated to cover events up through the 1990s. It includes an account and analysis of the developments in post-communist regimes throughout the region, addressing the transformation of each country during the first post-communist decade. It discusses coalition politics, ethnic discord, and issues of democratic development and features additional maps and extensively revised reading lists.

Swets Blackwell offers complete Russian, CIS and Baltic serials services

Shrinking budgets for the acquisition of periodical literature published in Russia, the CIS and Baltics dictate an increased need for the timely delivery of materials. As the rates for Slavic serial titles fast approach those of Western pricing structures, government subsidies require a more significant return on their investments.

Swets Blackwell in Moscow has invested considerable time, capital and staff in developing modern systems that alert Slavic serial publishers to the special needs of our customers. Think of us not only as subscription agent, but as a valuable ally in assisting with issues both great and small.

We look forward to meeting you at our Booth # 20.
