In This Great Future, You Can’t Forget Your Past

- Our Past Is Much Older Than Our Ability To Write It Down
In This Great Future, You Can’t Forget Your Past

- Our Past Is Much Older Than Our Ability To Write It Down
- Writing Is Tied to the Rise of Kings
In This Great Future, You Can’t Forget Your Past

- Our Past Is Much Older Than Our Ability To Write It Down
- Writing Is Tied to the Rise of Kings
- Archives are at the Beginning of Writing
In This Great Future, You Can’t Forget Your Past

- Our Past Is Much Older Than Our Ability To Write It Down
- Writing Is Tied to the Rise of Kings
- Archives are at the Beginning of Writing
- Writing Displaced Oral Memory Techniques/Changed Memory
In This Great Future, You Can’t Forget Your Past

- Our Past Is Much Older Than Our Ability To Write It Down
- Writing Is Tied to the Rise of Kings
- Archives are at the Beginning of Writing
- Writing Displaced Oral Memory Techniques/Changed Memory
- Kings Relied on Writing as Well as War
In This Great Future, You Can’t Forget Your Past

- Our Past Is Much Older Than Our Ability To Write It Down
- Writing Is Tied to the Rise of Kings
- Archives are at the Beginning of Writing
- Writing Displaced Oral Memory Techniques/Changed Memory
- Kings Relied on Writing as Well as War
- Archive Could Preserve Memories War Would Otherwise Destroy
In This Great Future, You Can’t Forget Your Past

- Our Past Is Much Older Than Our Ability To Write It Down
- Writing Is Tied to the Rise of Kings
- Archives are at the Beginning of Writing
- Writing Displaced Oral Memory Techniques/Changed Memory
- Kings Relied on Writing as Well as War
- Archive Could Preserve Memories War Would Otherwise Destroy
- Archive Is Still Here, But There Is No King
In This Great Future, You Can’t Forget Your Past

- Our Past Is Much Older Than Our Ability To Write It Down
- Writing Is Tied to the Rise of Kings
- Archives are at the Beginning of Writing
- Writing Displaced Oral Memory Techniques/Changed Memory
- Kings Relied on Writing as Well as War
- Archive Could Preserve Memories War Would Otherwise Destroy
- Archive Is Still Here, But There Is No King
- Kings Revived Something Out of the Archives – Slave Agriculture
In This Great Future, You Can’t Forget Your Past

- Our Past Is Much Older Than Our Ability To Write It Down
- Writing Is Tied to the Rise of Kings
- Archives are at the Beginning of Writing
- Writing Displaced Oral Memory Techniques/Changed Memory
- Kings Relied on Writing as Well as War
- Archive Could Preserve Memories War Would Otherwise Destroy
- Archive Is Still Here, But There Is No King
- Kings Revived Something Out of the Archives – Slave Agriculture
- Immense Wealth Led to Ruinous Wars Led to Revolution
In This Great Future, You Can’t Forget Your Past

- Our Past Is Much Older Than Our Ability To Write It Down
- Writing Is Tied to the Rise of Kings
- Archives are at the Beginning of Writing
- Writing Displaced Oral Memory Techniques/Changed Memory
- Kings Relied on Writing as Well as War
- Archive Could Preserve Memories War Would Otherwise Destroy
- Archive Is Still Here, But There Is No King
- Kings Revived Something Out of the Archives – Slave Agriculture
- Immense Wealth Led to Ruinous Wars Led to Revolution
- With No King to Claim Them, Archives Were Nationalized
In This Great Future, You Can’t Forget Your Past

- Our Past Is Much Older Than Our Ability To Write It Down
- Writing Is Tied to the Rise of Kings
- Archives are at the Beginning of Writing
- Writing Displaced Oral Memory Techniques/Changed Memory
- Kings Relied on Writing as Well as War
- Archive Could Preserve Memories War Would Otherwise Destroy
- Archive Is Still Here, But There Is No King
- Kings Revived Something Out of the Archives – Slave Agriculture
- Immense Wealth Led to Ruinous Wars Led to Revolution
- With No King to Claim Them, Archives Were Nationalized
- Slave Agriculture Fed Hungers for Things that Did Not Sustain
In This Great Future,
You Can’t Forget Your Past

- Our Past Is Much Older Than Our Ability To Write It Down
- Writing Is Tied to the Rise of Kings
- Archives are at the Beginning of Writing
- Writing Displaced Oral Memory Techniques/Changed Memory
- Kings Relied on Writing as Well as War
- Archive Could Preserve Memories War Would Otherwise Destroy
- Archive Is Still Here, But There Is No King
- Kings Revived Something Out of the Archives – Slave Agriculture
- Immense Wealth Led to Ruinous Wars Led to Revolution
- With No King to Claim Them, Archives Were Nationalized
- Slave Agriculture Fed Hungers for Things that Did Not Sustain
- King Cotton, King Commodity
In This Great Future, You Can’t Forget Your Past

- Writing Is Tied to the Rise of Kings
- Archives are at the Beginning of Writing
- Writing Displaced Oral Memory Techniques/Changed Memory
- Kings Relied on Writing as Well as War
- Archive Could Preserve Memories War Would Otherwise Destroy
- Archive Is Still Here, But There Is No King
- Kings Revived Something Out of the Archives – Slave Agriculture
- Immense Wealth Led to Ruinous Wars Led to Revolution
- With No King to Claim Them, Archives Were Nationalized
- Slave Agriculture Fed Hungers for Things that Did Not Sustain
- King Cotton, King Commodity
- Commodity Power Edits the Record
In This Great Future, You Can’t Forget Your Past

- Archives are at the Beginning of Writing
- Writing Displaced Oral Memory Techniques/Changed Memory
- Kings Relied on Writing as Well as War
- Archive Could Preserve Memories War Would Otherwise Destroy
- Archive Is Still Here, But There Is No King
- Kings Revived Something Out of the Archives – Slave Agriculture
- Immense Wealth Led to Ruinous Wars Led to Revolution
- With No King to Claim Them, Archives Were Nationalized
- Slave Agriculture Fed Hungers for Things that Did Not Sustain
- King Cotton, King Commodity
- Commodity Power Edits the Record
- Black People’s Voices Could Not Be Silenced
In This Great Future, You Can’t Forget Your Past

- Writing Displaced Oral Memory Techniques/Changed Memory
- Kings Relyed on Writing as Well as War
- Archive Could Preserve Memories War Would Otherwise Destroy
- Archive Is Still Here, But There Is No King
- Kings Revived Something Out of the Archives – Slave Agriculture
- Immense Wealth Led to Ruinous Wars Led to Revolution
- With No King to Claim Them, Archives Were Nationalized
- Slave Agriculture Fed Hungers for Things that Did Not Sustain
- King Cotton, King Commodity
- Commodity Power Edits the Record
- Black People’s Voices Could Not Be Silenced
- Fall of Empires Forced (Incomplete) Decolonization of Archives
In This Great Future, You Can’t Forget Your Past

- Kings Relied on Writing as Well as War
- Archive Could Preserve Memories War Would Otherwise Destroy
- Archive Is Still Here, But There Is No King
- Kings Revived Something Out of the Archives – Slave Agriculture
- Immense Wealth Led to Ruinous Wars Led to Revolution
- With No King to Claim Them, Archives Were Nationalized
- Slave Agriculture Fed Hungers for Things that Did Not Sustain
- King Cotton, King Commodity
- Commodity Power Edits the Record
- Black People’s Voices Could Not Be Silenced
- Fall of Empires Forced (Incomplete) Decolonization of Archives
- Computing Power is a Commodity Like Cotton Was
In This Great Future, You Can’t Forget Your Past

- Archive Could Preserve Memories War Would Otherwise Destroy
- Archive Is Still Here, But There Is No King
- Kings Revived Something Out of the Archives – Slave Agriculture
- Immense Wealth Led to Ruinous Wars Led to Revolution
- With No King to Claim Them, Archives Were Nationalized
- Slave Agriculture Fed Hungers for Things that Did Not Sustain
- King Cotton, King Commodity
- Commodity Power Edits the Record
- Black People’s Voices Could Not Be Silenced
- Fall of Empires Forced (Incomplete) Decolonization of Archives
- Computing Power is a Commodity Like Cotton Was
- Algorithms Have Bloodied Data Structures
In This Great Future,
You Can’t Forget Your Past

- Archive Is Still Here, But There Is No King
- Kings Revived Something Out of the Archives – Slave Agriculture
- Immense Wealth Led to Ruinous Wars Led to Revolution
- With No King to Claim Them, Archives Were Nationalized
- Slave Agriculture Fed Hungers for Things that Did Not Sustain
- King Cotton, King Commodity
- Commodity Power Edits the Record
- Black People’s Voices Could Not Be Silenced
- Fall of Empires Forced (Incomplete) Decolonization of Archives
- Computing Power is a Commodity Like Cotton Was
- Algorithms Have Bloodied Data Structures
- Code Is No Better than a King – Need to Learn to Share Memory
In This Great Future, You Can’t Forget Your Past

- Kings Revived Something Out of the Archives – Slave Agriculture
- Immense Wealth Led to Ruinous Wars Led to Revolution
- With No King to Claim Them, Archives Were Nationalized
- Slave Agriculture Fed Hungers for Things that Did Not Sustain
- King Cotton, King Commodity
- Commodity Power Edits the Record
- Black People’s Voices Could Not Be Silenced
- Fall of Empires Forced (Incomplete) Decolonization of Archives
- Computing Power is a Commodity Like Cotton Was
- Algorithms Have Bloodied Data Structures
- Code Is No Better than a King – Need to Learn to Share Memory
- Black People Will Make/Preserve New Memories with Roots
In This Great Future,
You Can’t Forget Your Past

Thank You!
In This Great Future, 
You Can’t Forget Your Past
